

# KINDERGARTEN NEWS

*Mrs. Bickhardt's Class*

*Room #122*

*February 6, 2012*

It is almost here ...the 100<sup>th</sup> Day of School is a week from today! You can feel the excitement growing each day! Thanks for sending in those pennies! Keep them coming! We counted our pennies today for our service project. Ask your child how many bags we counted. All math lessons this week will continue to center around the number 100. We will be counting to 100 as we make placemats for the 100<sup>th</sup> Day, make chains to decorate the classroom, and making posters for the hallway. Please make sure your child is in school on time on the 100<sup>th</sup> Day so they don't miss any of the fun. We really do "Party All Day Long!"

In reading this week we will continue our 7<sup>th</sup> theme Bug Surprises. We will begin blending words with short o...pot, dot, cot. Keep practicing our new high frequency words "do" and "what". Our decodable this week is "The Big Ram". In handwriting we will be spending a lot of time making a special book for the 100<sup>th</sup> Day of school.

We will have our Valentine's Day Party on Tuesday afternoon. (February 14<sup>th</sup>) We will start putting Valentine's in our mailboxes this Friday (Feb. 10<sup>th</sup>). You can start sending in Valentines in on that day. Please make sure all Valentines are here by next Tuesday morning by the latest.

Notes of Interest...

\*Don't forget that we DO have school on Friday, February 17, but will have off on February 20<sup>th</sup>.
