

This year each student in my Spelling Class will be able to use a website called Spelling City. The site is accessible from home and is also used in school to practice their weekly words. I will put up your child's lists weekly. To find your child's list follow these directions:

1. Go to [www.spellingcity.com](http://www.spellingcity.com)
  2. Click on Find A List
  3. Select New Jersey
  4. Click on D and select Delaware
  5. Click on K and select Knowlton TWP Elementary School
  6. Click on the second Nicole Rolph you see  
*(The first one is my students from last year and for some reason will not delete.)*
- \*If you save at this point to your online favorites it makes life much easier! 😊**
7. Select your child's initials & the correct date from Spelling and Vocabulary Lists.
  8. Once there you have many options:
    - a. You can have your child pick **Teach Me**; this selection will read the list words, spell them and use them in a sentence.
    - b. **Play a Game** – has many choices, students have practiced with some in school; however, some may be new to them and you might want to sit with them their first time through.
    - c. **Test Me** - should be done towards the middle or end of the week as a pretest or study tool for your child to prepare for his/her test.

Spelling City is a great way to get your child excited to practice spelling! This is a program that can be used with an adult or independently; please encourage its use in your home. I am sure it will be a helpful tool.
